

The Publick having been imposed on, by several very imperfect and erroneous Lifts of the Members of the House of Commons, who voted for and against the late Convention with Spain; in which Question, the Trade, Liberties and Honour of this Nation were so essentially concerned: It has been thought proper to do that Justice to the Gentlemen on both Sides they deserve, by giving a more exact one. But if there should be any Mistake, it shall be acknowledged and corrected on Notice given in any of the publick Papers: And it is to be hoped the Nation will make this Lift a Guide for their Conduct in all future Elections.

N. B. The underwritten Lift, shews how large a Sum of Money is VISIBLY paid Yearly to Members of the House of Commons, besides what secret Favours may be conferred on them, their Relations, and Friends; Which in a less virtuous House of Commons than this, would endanger the Constitution, and give an Ambitious Minister an Opportunity, of gaining therein to Himself a Faction, which contrary to common Sense, and their own self Conviction would support him and his pernicious Measures to the Ruin of their Country: And must render the Attendance of those Members that wish well to it, useless.

Teller for the Convention,

Thomas Winnington, Esq; Lord of the Treasury

Quere. Whether to this visible Influence many secret ones may not be added?
Q. Why the Civil List, amounting to upwards of 900000l. per Ann. is at present in Debt?
Q. Whether any Place-man, Civil or Military, voting against the Dislates of the Ministry, is not turned out?
Q. Whether the Reality as well as the Form, of our Constitution does not consist in three separate independent States?
Q. Whether the corrupt influencing either, or both, Houses of Parliament is not subverting the Parts of the Legislature, and destroying our Constitution?
Q. Whether frequent Attempts have not been made to prevent this growing Evil, and to no Purpose, since, notwithstanding these Attempts, there never were so many Place-men in Parliament at one Time as there are now?
Q. Whether the Application of this Influence may not at any Time defeat the Endeavours of those out of Employment, to vindicate the Honour and protect the Trade of the Nation?
Q. Whether, in Case this Influence should be applied to any Question, it would not be imposing on Mankind to debate it?
Q. Whether those who saw it in this Light would not have been Criminal if they had omitted to inform the Nation of their Apprehensions on so important a Point?
Q. Whether they could by any other Method than withdrawing from Debate have apprised their Constituents of their Dispair of serving them by farther Attendance?
Q. Whether it is not the Duty of every Elector in Great Britain, in order to preserve his own Rights and those of his Posterity, to require the Concurrence of his respective Representatives effectually to promote a proper Place-Bill in Parliament?
Q. Whether if this be refused now, it is not easy and necessary to stipulate for it at the next Election of a Parliament?
